

Low Priority Projects

Projects That are Unlikely to be Awarded

The Golden LEAF Foundation is committed to using the funds entrusted to it for projects that show the most potential for strengthening North Carolina's long-term economy, especially in tobacco-dependent, economically distressed, and/or rural communities. Golden LEAF awards funding for projects that the Foundation's Board of Directors believes have extraordinary merit and address the Foundation's purposes as set forth in its Charter.

Generally, projects focused on the following are lower priority and therefore not likely to be awarded funds:

- » Tourism, arts, or cultural resources
- » Shell or spec buildings
- » Emergency services, including fire departments
- » General social services
- » Reimbursement for prior expenditures
- » Capital campaigns or endowments
- » Housing
- » General maintenance and operational support
- » Infrastructure not related to economic development
